

## Route description from the east (Alvdal):

From route nr. 3, you take the 29, towards Folldal.

After about 40 kilometres (ca. 40 minutes) you will arrive in Folldal. But beware: your car navigation might suggest to take a right turn before entering Folldal (road Fv704). That is also possible, but this is a slightly longer unpaved gravel road. However, if you follow this Fv704, please continue reading at A.

If you want to take the road from the centre of Folldal to the hotel, which is also partially unpaved, only for a smaller part, continue reading at B. That means keep on driving on the 29 until you pass the petrol station.

- A. So, you want the short adventurous road? Turn right from the 29 to the Fv704 at the sign shown below. The road number Fv704 is not indicated at this junction.

Continue until you reach a T-Junction (after ca. 3 kilometres), where you will find the signs as indicated on the two pictures below. Beware: you will have to take a sharp right turn and start to climb!

Here you take the sharp right turn:

Continue climbing, turn left and right and keep following the road until it goes left again and there you will see the hotel. Welcome!

- B. If you continue on the 29 until the centre of Foldal, please read the following directions. You will stay on the 29 until you pass the petrol station (as shown below). Do not enter right here, unless you need fuel, but drive on a bit.

After the petrol station you will come at the junction in the centre. Here you can follow the signs “sentrum” and the ones with the pictogram of the fork & spoon and the bed, as shown below. It is indeed 3 km from this point.

Here you continue, the road slightly bends to the left and climbs a bit. Continue up to the house with the sign “det rare i”. Here you turn right. See the picture below.

You will notice the sign as shown below on the left side of the road after you have taken the turn.

Continue on this road, that keeps climbing.

Up ahead, this road turns into an unpaved gravel road for the last part of your journey (see below).

Continue and you will be able to enjoy the views on your right hand side once you are out in the open.  
No picture here, just take a look yourself.

As soon as you enter the trees, you will come to a T-junction.  
Follow the directions on the sign that say Folldal en hotel Fjellstue  
(that means: keep left), as shown on the picture below:

Continue climbing, turn left once more and right and keep following the road until it goes left again and there you will see the hotel. Welcome!

Folldal Fjell Hotel, Storhøseter, Folldal. Telefoon 0047 - 62 49 01 86
